CHAIRMAN’S MESSAGE

Being the founder of school, I am inspired by my mother late Shrimati Swaran Kapoor who was the founder of Ajanta Public School at Amritsar. Life cradled me through various stages as a teacher (worked for 16 yrs), principal (for 25 yrs) and now working as the chairman since last 8 yrs, my utmost endeavor is to nurture every leaf of Ajanta’s tree to be strong to withstand adverse circumstances. I am highly concerned about the girl child and safety issues of my school children.

My mission in life is to eliminate gender disparity, educate girls and to provide them a safe environment. Moreover, I want to provide a safe haven to girls: a place where they get platform to wing their dreams and accomplish them.

Every life is precious for me. A good safety culture is built over time. It is never given and I will work with my team to attain it.

A message for my children

‘Always remember that no matters wherever you are in, safety is of utmost importance.’

PRINCIPAL’S TALK in the Lap of Nature

Ques - What is your vision for the students and the school?
Ans - I have a vision to help my students excel in every field of life accomplish their dreams and make our nation feel proud. I want to inculcate value education and ethics in my students; they should respect their parents, teachers and their school. I believe in imparting quality education along with technology. Besides that, I give emphasis on yoga, good health and hygiene as they are important aspects which should be inculcated among the students for their social, mental and physical development. 2015 holds importance for me as it will be my first batch for X and XII and I am sure they would make intelligent choices keeping in mind, their talent as well as intelligence. I believe ‘Arise, Awake and stop not till the goal is achieved.’

Ques - What initiative would you like to take to prohibit cyber crime in your school?
Ans - Students must be made aware that cyber crime can impede their career. The loss occurred due to cyber crime is irreversible; it has even cost the life of people. Besides that, they must also be taught about the remedies. Awareness workshops have been conducted in our school regarding Cyber Crime.

Ques - How do you try to inculcate discipline among the students?
Ans - Each student must be inculcated with good habits, value education and importance of discipline in life – this will lead them to every triumph that they’ve set out to achieve. It is not necessary to take some massive steps or strict actions against the students because sometimes even the motivation skills can prove to be fruitful in the development of students.

Ques - How did you begin your journey as the educationist? Who is your role model?
Ans - I am born and brought up in and around school. My aim has always been to impart quality education to the students. I have travelled a great journey. I’ve learned values and ethics from my father. I completed my senior secondary education from Ajanta at Amritsar, then went to the UK, did MBA, took lectures at Middle Sex University and accomplished M.Sc in computer science from India.

God is my role model. He has always been with me, even in rough patches and helped me to get through them.

Ques - What suggestions would you like to give to the parents for controlling their children?
Ans - The healthy environment and the quality time must be given to the children that would really be fruitful to them. As the children spend a great deal of time at home and each right action from the parents will not only motivate them but also encourage them to excel in all the fields.

Ques - As the principal of school, what kind of hurdles do you face and how to avoid them?
Ans - Since I’ve become the principal, I am thankful to my teachers and students for their support and reinforcement, so I don’t think I’ve had any hurdles in my way. I express my heart full gratitude to the revered Chairman Sir to provide me support at every step. I wish to put a record of incessant assistance from all my teaching and non-teaching colleagues for making my journey beautiful.

Ajanta Public School bagged the position among top ten schools in Gurgaon as surveyed by Times School 2014. They categorised the survey under three heads: Leaders, Challengers and Innovators, whereas Ajanta public school is felicitated with the rank of Leaders in Gurgaon.

LET'S LAY A STRONG FOUNDATION

Prep School years are the Golden Years for laying a good foundation for lifelong system of thoughts and feelings. Therefore, we must ensure that young children have positive and enriching experience at pre-school.

Development is interplay of nature and nurture. Each child is endowed with certain capabilities through the genes, this is nature. Nurturance also has a strong influence on the development of child. It requires that the child should be exposed to stimulating experience. These experiences ensure healthy development of the child.

So, we at Ajanta Little Noddies make utmost efforts to fulfil the needs of the young children and provide them with support, care, stimulation and guidance so as to foster all round development.

The role as adults in today's dynamic world is to facilitate total engagement of the child's mind, body and spirit in enquiring about things that are known as well as those that seem distant and impossible. So, let us appreciate childhood as a unique and valuable stage in human life cycle and help these little ones construct their own knowledge.

Last but not the least, we want to exceed our warm felicitation to all the parents for their wholehearted and unstringing support in our entire endeavor. We are hopeful that you would keep providing the same in the years to come.

THREE ASSEMBLY

To start the day with full enthusiasm we have wonderful and informative assembly every day. It is divided monthly according to any occasion or festival approaching. The interesting topic is taken by the teachers which make the children quiet attentive and inquisitive as well. The topic is elaborated by the teachers in a very dramatic and innovative manner which enhances pleasure among the children and they retain it for longer period.

WONDERFUL WEDNESDAYS FOR LITTLE NODDIES

The concept of introducing Wonderful Wednesdays is to give a very interesting twist in the five days academic schedule. Wednesday is a totally activity oriented day, in which all the children wear their orange t-shirts and blue shorts in summers and lovely red and gray track suits in winters to make the atmosphere sporty and playful. The time table incorporates yoga, sports, art and craft, computer knowledge, importance of colors, music, dance and pottery making. It develops a thrill of excitement among the little ones. The Principal, Mr. Vaibhav Kapoor surmises that education can't be hammered into brains of children but interest of the students should be developed by involving them into it, through various means such as play way method, storytelling and imbibing moral values.

ENVIRONMENT - PRAISE, PRESERVE AND PROTECT

Man has made his life comfortable but has treated nature callously. Deforestation, Pollution and misuse of resources are threatening man's own existence. Our aim is to create responsible citizen of tomorrow. It is important to create awareness about the environment and the ways to preserve it right from childhood. Just a step in this direction special assembly was taken on the same and sowing of sapling was done in school premises.

YOGA: BALANCING MIND AND SOUL

A healthy mind assists a healthy body. Little Noddies are introduced with the easy and basic steps of Yoga. The small kids pacify their heart and soul by doing various asanas, as taught by their Yoga instructor.

SPORTS HEALTH AND FITNESS

The importance of sports in school encompasses more than just the benefit of physical activity. It increases self-awareness and mental alertness. 100% participation of Little Noddies in sports is carried forward every year. The kids learn the values of sports and games in life. They indulge their heart and soul while playing with their co-mates.

ART & CRAFT: CREATIVITY AT PEAK

Innovation and creativity is the ultimate goal of adding art & craft into the Little Noddies curriculum. Students learn to make various colourful and imaginative pictures. The little fingers form various colourful and imaginative pictures. Card making, decorative ribbons, masks, puppets are made by using the waste-materials.

CYBER WORLD: WINDOW TO WORLD

The world is becoming technically advanced. To make the kids techno savvy, they are taught the basics of computer and its parts. With the instructor's guidance, children learn to move their hands freely on mouse and keyboards.
Forthcoming events

- Sports Day (Children’s Day 14th Nov)
- AWIM Competition (15th Nov)
- Annual Function (7th Dec.)
- Prayas (PTM, 27th Dec.)

SHAPING A BETTER TOMORROW

We, the parents of Pranmay, would like to express our sincere gratitude for the efforts made by teachers and team of Little Noddies to fulfill our dreams and expectations. We have very high hopes for our kid. It’s the second year in the school and he’s growing day by day in terms of his personality, confidence, IQ and learning skills. We feel amazed, when he wakes up early in the morning and gives us yoga lessons which he learns in school. We would like to thank all the teachers involved in helping him to learn and shape for a better tomorrow.

With kind regards,

Pooja & Pranav

MUSIC & DANCE : ROCK N ROLL

A healthy body needs a peaceful soul and heart. Music & Dance are the best therapy to release the stress. Keeping it in mind, the curriculum is equipped with these two divine activities. Children participate enthusiastically in both the activities and learn the traditional songs and dances of India.

POTTERY: LITTLE HANDS AT WORK

Students learn to give desired shape to clay and cut the clay the way they want from the base and colour it. They feel excited with such new experience of making small pots. They learn the kinds of clay required for the pottery.

JOURNEY TO INCREDBLE INDIA

‘Unity in diversity’ is slogan goes for our great India, where we have many states with different languages, culture, food, costumes, dances and festivals. To make them understand what unity in diversity is, we scheduled different states of India one by one with the objective to provide them about basic knowledge of India. Children were told to paste the flag of India, map, monuments in Delhi with our national emblem, food, costumes, festivals, flower, tree, bird and animal. The students learn by experiencing the cultures and traditions of various states.

TRI-COLOUR IS MY VALOUR

To inculcate the feeling of patriotism in the children, we at Ajanta celebrated Independence Day with full enthusiasm and energy. All the children were dressed in Pajama kurta with tri-colour bands and dupatta tied around their waist. Everybody spoke solely on the stage about India’s rich culture with pride which enhanced the knowledge and love for India. It proves to be the most accurate way of learning and retaining for a long period.

CELEBRATING THE STRONGEST BOND – RAKHHE

To spread harmony and the feeling of brother and sister among students, Rakhee festival was celebrated by the school. The girls got Rakhee for boys and the boys got sweets for the girls. The girls tied Rakhee to boys and did tilak on their forehead, and boys in return gave them sweets to eat. The mothers of little ones were invited to the school to participate in the Rakhee making competition. All the mothers participated whole heartedly and made beautiful Rakhees. The light music was made to play in the background to make the atmosphere more realistic and pious.

GOA’S SEA BEACHES AT AJANTA’S POOL

To expand the horizon of our little ones, we try to imbibe the knowledge practically. For this, to explore India, first we started with Goa state. To maintain the decorum and the feel of the state we used our swimming pool as a Goa beach. All the parent mothers, children and teachers were to come in the Goa’s outfit along with Goa’s cuisines. To add fun, various competitions were organized at the pool like, dance in the water, ball game and search the coin in. It was followed by delicious Goan lunch party where everybody enjoyed sharing the dishes. The best dancer and the best dish with the best dressed person in Goa’s outfit were given away the prizes.

ENACTING THE GREAT EPIC – RAMAYANA

To inculcate the values of goodness and kindness, we try to make our children understand by doing. Under this, we made our children to depict the epic Ramayana by making them enact on 29th Sept. 2014. This was the wonderful way to teach them the real meaning of the victory of good over evil. All the Little Noddies were made to participate in it. Children were well informed about the Ramayana by practicing for one month. By enacting they were able to understand the character practically. All the children participated in the fancy dress also depicting the character from Ramayana. To motivate the children all the parents were invited to view their wards performing on the stage. The stage was well decorated by the Art and Craft teachers to give the perfect look of the kingdom and the forest scene which further added colour to the show.

On the whole it was a wonderful show and was a great success.

LIGHTS AND LOVE : DIWALI

To celebrate Diwali in Little Noddies all the children were to dress up in traditional outfits. They were all well prepared to speak few lines on the Diwali. Almost everybody spoke well on the stage telling meaning of celebrating Diwali and the rituals we follow in this festival. Children coloured the pictures of Lord Ganesha and decorated it well. They also coloured diyas to carry home. The corridor was well decorated by teachers and children with beautiful rangolis. The children exchanged the sweets with each other and share the warmth at the festival celebration.

We recall the moment, when our greatest concern was to provide quality education to our child. Vardaan Luthra, the student of Ajanta Public School, Prep II. We really thank the Management, Principal and especially teachers to show their utmost concern for the Little Noddies as they are the foundation stone of school. The preschool teachers nurture the saplings; nourish them with knowledge to strengthen their roots which can withstand straight and stiff competition. My child is blessed to have Ratna Ma’am as his class teacher who is like a god mother to every child. She imbibes values, teaches etiquettes and uses practical methods which leaves indelible impression on the minds of innocent.
